108.5.23 107學年度第2次課程委員會會議通過

108.6.6 107學年度第4次教務會議核備通過

一、依據國立交通大學跨域學程實施辦法，國立交通大學共同教育委員會(以下簡稱本會)為鼓勵學生進行跨領域學習，建立跨域學習深度，協助學生拓展第二專長，提供學生可以在畢業學分不增加(或僅少量增加)情況下，修畢跨域學程，特訂定本要點。

Article 1. The Implementation Guidelines (hereinafter referred to as the Guidelines) are prescribed by NCTU General Education Committee (hereinafter referred to as the Committee) based on NCTU Cross-Disciplinary Program Implementation Regulations. The purpose is to encourage cross-disciplinary learning without increasing graduate credits (or only a few extra credits), and help students build up an in-depth cross-disciplinary knowledge foundation with a second specialty.

二、心理學跨域學程為本會統籌本校課程資源所提出的跨域模組課程，課程分為A類「基礎必修課程」、B類「基礎選修課程」、C類「總整課程」、D類「進階課程」，包含本領域基礎核心知識和應用進階課程，總學分數28學分。修畢本學程作為第二專長模組課程者，可於畢業證書原系名稱後加註「心理學」為「跨域專長」。

Article 2. The Committee coordinates course resources of NCTU and proposes the Cross-Disciplinary Program of Psychology (hereinafter referred to as the Program). The Program curriculum module includes 4 categories of courses: Category A “Foundation-Required,” Category B “Foundation-Elective,” Category C “Capstone Courses,” and Category D “Advanced Courses.” The curriculum covers the core knowledge, advanced knowledge, and applications of psychology for a total of 28 credits. Students who complete all program requirements are granted to add “Psychology” as their cross-disciplinary specialty on the diploma.

### 三、修業規定

- (一) 學生欲修習跨域學程且選擇「心理學」為其跨域專長者，須於每學年度公告申請期限內向其所屬學系(以下簡稱原系)提出申請，通過原系以及本會的雙邊審查後，方可進入跨域學程。
- (二) 本學程必選修課程與學分規定列示於『共同教育委員會心理學跨域模組課程 必選修科目表』。
- (三) 台灣聯合大學系統開設之心理學相關課程，得經本會審查後予以承認。
- (四) 本學程與「心理學學分學程」僅可擇一修讀。

### Article 3. Regulation for Study:

1. Students who want to take “Psychology” as their cross-disciplinary specialty should submit application to their original department (hereinafter referred to as the Department) by the announced deadline. Enrollment must be approved by both the Department and the Committee.
2. Course requirements are listed on “Cross-Disciplinary Program of Psychology Course List.”
3. Psychology courses, offered by the University System of Taiwan, not listed on “Cross-Disciplinary Program of Psychology Course List” may be counted toward the completion of the Program with the approval of the Committee.
4. Students enrolled in the Program shall not enrolled in “Psychology Program.”

四、本會指定一名專任教師擔任跨域學程導師，專責輔導跨域學程的學生。

Article 4. The Committee assigns a full-time faculty to mentor students of the Program.

五、為鼓勵不同系所或學院合作提出跨領域課程，由兩位以上教師開授之跨領域課程得依本校教師授課鐘點核計原則第九條第六款規定，教師授課鐘點數可按到場時數計，但以開課前該門課程之實際簽呈為依據。

Article 5. In order to encourage cross-department and cross-college cooperation to provide cross-disciplinary curriculum, teaching hours of a cross-disciplinary course offered by two or more than two faculty members could be calculated based on the actual length of teaching time according to Subparagraph 6, Article 9 of

NCTU Teaching Hours Accounting Principle; however, it will be in accordance with the official approval of the curriculum before the course starts.

六、學生修讀跨域學程模組課程於修業年限內不須另繳學分費，於延長修業期間一學期修習九學分以下者繳交學分費及學雜費基數，修習十學分以上者繳交全額學雜費。

Article 6. Students taking a cross-disciplinary program do not have to pay extra credit fees within their maximum years of study. In the case of an extension of study, students who take less than nine credits per semester will have to pay the credit fees and tuitions; students who take more than ten credits per semester will have to pay full tuitions.

七、本要點如有未盡事宜，悉依本校學則及其他相關規定辦理。

Article 7. When in dispute, the Guidelines are superseded by NCTU regulations.

八、本要點經校級課程委員會通過並提教務會議核備後實施，修訂時亦同。

Article 8. The Guidelines must be approved by University Curriculum Committee, and submitted to the Council of Academic Affairs for approval-for-reference before implementation. The same shall be done upon any amendment thereto.
